THE
AGA ELISE
SERIES

THE AGA ELISE SERIES

In the re-imagining of the classic Elise design, AGA took its cues from the modern farmhouse movement itself. Rustic yet refined, the Elise blends old and new in masterful ways, both fresh and timeless, with just a hint of the exquisite.

Available in a full palette of sixteen colour options representing a wide and exciting spectrum of design expression, from modern contemporary to British traditional. These colours give homeowners and designers alike a full range of tones never before available within this family of AGA ranges. Further complimented by stunning cruciform knobs with knurling, the Elise ships standard in Brushed Nickel, but is also available as an after-market option in five additional versatile hardware finishes (Polished Chrome, Polished Brass, Polished Copper, Brushed Brass and Black Anodized Aluminum).

The re-imagined Elise confidently steps into the spotlight along side its classic AGA siblings.

36" DUAL FUEL RANGE

FEATURES

Product Dimensions: 35 ½" W x 27 ⅝" D x 36" H (inches)

The AGA Elise 36" Dual Fuel Model features one large multifunction oven with seven settings including true European dual-convection cooking, fan-assisted baking, browning, thaw and serve, convection broiling, warming, and conventional cooking. Solid cast iron grates adjoin to create a continuous cooktop surface above the five powerful sealed-brass burners, allowing for easy cleanup and prevention of messy spills from reaching internal components.

Available in 16 sumptuous colours, and complimented by stunning cruciform knobs with knurling, The Elise ships standard with Brushed Nickel knobs, but is also available as after-market options in five additional versatile hardware finishes (Polished Chrome, Polished Brass, Polished Copper, Brushed Brass and Black Anodized Aluminum), the re-imagined AGA Elise 36" Dual Fuel Model confidently steps into the spotlight along side its classic AGA siblings.

36" INDUCTION RANGE

FEATURES

Product Dimensions: 35 ½" W x 27 ⅝" D x 36" H (inches)

The AGA Elise 36" Induction Range features one large multifunction oven with seven settings including true European dual-convection cooking, fan-assisted baking, browning, thaw and serve, convection broiling, warming, and conventional cooking. The ceramic glass surface cooktop with five induction burners and integrated capacitive touch controls efficiently utilizes, transfers, and captures 90% of energy generated, as compared to only 55% with that of a traditional gas burner.

Available in 16 sumptuous colours, and complimented by stunning cruciform knobs with knurling, The Elise ships standard with Brushed Nickel knobs, but is also available as after-market options in five additional versatile hardware finishes (Polished Chrome, Polished Brass, Polished Copper, Brushed Brass and Black Anodized Aluminum), the re-imagined AGA Elise 36" Induction Model confidently steps into the spotlight along side its classic AGA siblings.

48" DUAL FUEL RANGE

FEATURES

Product Dimensions: 47 9/16" W x 28 7/16" D x 36 1/8" H (inches)

The AGA Elise 48" Dual Fuel Model features three separate ovens. The first is an electric multifunction oven with seven settings including true European dual-convection cooking, fan-assisted baking, browning, thaw and serve, convection broiling, warming, and conventional cooking. A second European convection oven offers the ability to cook multiple large dishes at once using differing heating modes and temperatures, while a third dedicated glide-out broil oven allows for dedicated top-heat broiling. Solid cast iron grates adjoin to create a continuous cooktop surface above the five powerful sealed-brass burners, allowing for easy cleanup and prevention of messy spills from reaching internal components. A storage drawer stores extra racks and trays.

Available in 16 sumptuous colours, and complimented by stunning cruciform knobs with knurling, The Elise ships standard with Brushed Nickel knobs, but is also available as after-market options in five additional versatile hardware finishes (Polished Chrome, Polished Brass, Polished Copper, Brushed Brass and Black Anodized Aluminum), the re-imagined AGA Elise 48" Dual Fuel Model confidently steps into the spotlight along side its classic AGA siblings.

48" INDUCTION RANGE

COLOUR AND DESIGN COLLECTIONS

Colour can be used to energize a space, or relax an entire atmosphere. It can express our personalities, and assist in setting the perfect mood for the art of creativity in the foods we prepare. Colour can remind us of places we've been, feelings we've shared, and moments captured forever in our memories.

AGA has added five new bold hues to its existing Classic Colour Collection, as well as unveiling the new Soho Colour & Design Series, consisting of a stainless steel fascia and eight expressive shades inspired by the vibrant London arts district in which the collection takes its name.

The full palette of sixteen colour options represent a wide and exciting spectrum of design expression accompaniment, from modern contemporary to British traditional.

Stunning reds, deep and expressive blues, classic racing greens, soft and comforting grays and neutrals... these colours give homeowners and designers alike a full range of tones never before available within this family of AGA ranges.

The new Soho Colour & Design Series is as varied as the inhabitants, entertainments and architecture of the District itself. Whether inspired by a bright doorway hidden in Ferrier's Passage, sparkling autumn foliage hanging high above Kingly Square, a freshly painted Carnaby Street storefront, or the bustle and energy that is Cambridge Circus, the Soho Series perfectly emulates the mood & scene of these London streets.

We invite you to express yourself.

Blanket your range in a shade befitting of your unique personality.

THE
AGA ELISE
SERIES

WHEN IT COMES TO COOKING, THE AGA ELISE IS
SO MUCH MORE THAN
JUST A PRETTY FACE

Good food starts with fresh ingredients—and it's cooked to sheer perfection on an AGA Elise range.

The AGA Elise 36" features a Dual broiler system and one large 4.5 cu. ft. multifunction oven with seven settings including true European dual-convection cooking, fan-assisted baking, browning, thaw and serve, convection broiling, warming, and conventional cooking.

The AGA Elise 48" features over 6 cubic feet of oven space amongst 3 separate ovens. The first is an electric multifunction oven with seven settings including true European dual-convection cooking, fan-assisted baking, browning, thaw and serve, convection broiling, warming, and conventional cooking. A second European convection oven offers the ability to cook multiple large dishes at once using differing heating modes and temperatures, while a third dedicated glide-out broil oven allows for dedicated top-heat broiling. Each large oven has 5 rack positions; with 4 heavy duty steel racks and one telescoping steel rack for a total of 5 oven racks.

The Glide Out Broiler System™ features Full and Half Broil mode to provide complete coverage with 4 adjustable heights and extendable gliding tray spacious enough to cook six 6-oz steaks at once.

THE AGA ELISE SERIES

THE AGA INDUCTION COOKTOP — GUARANTEED TO INDUCE ENVY

Fast, responsive and incredibly controllable, the induction cooktop option on an AGA range offers the following benefits:

ENERGY EFFICIENCY

Powered by electromagnetism, induction technology heats only the pan and its contents, providing up to 90% efficiency.

FAST AND RESPONSIVE

It can take as little as five seconds for water to begin to boil and reducing the pan to simmering is equally as fast.

SAFE

Its surface retains minimal heat, making it safer for those with small children.

UNIFORM COOKING

Because of the ferrous material within the cookware, pans heat at the same level uniformly – eliminating hot spots, and the likeliness of burned contents.

EASY TO CLEAN

Since the surface stays cool, spills will not stick or burn onto the surface, making cleaning a simple wipe-down.

THE
AGA ELISE
SERIES

RANGE FEATURES OF THE
AGA ELISE 36"

Natural Gas cooktop with 5 sealed brass burners or extra-large ceramic glass induction cooktop with 5 induction burners
